Directions: Read the paragraph and find the mistakes. Draw a line through each error in the paragraph. Then write the correction above it.

Last weekend, my mom and dad helped us build a tree house? First, we drew a plan of what the tree house would look like. Next, we went to the hardware Store to buy a bunch of wood. After that, we got out all of our tools and began putting it all together. It didn't take too long to finish it Now, all We need to do is paint it.
