Directions: Read the paragraph and find the mistakes. Draw a line through each error in the paragraph. Then write the correction above it.

Do you like to watch fish at the aquarium. I always thought that sea life was amazing. So, I was so excited when I got to go snorkeling in the caribbean sea last year. When you snorkel, you breathe air through a tube like a giant straw. You wear special goggles so you can see clearly in the water I saw so many colorful fish when i went snorkeling. My favorite was the spiny lobster. It was about 18 Inches long!
